Patience Said Best Attitude For Motorists

That patience should be among the attributes of a careful driver is emphasized by the number of accidents resulting from right of way violations, California Highway Patrol Commissioner Bradford M. Crittenden pointed out this week.

"Right of way violations were responsible for approximately one of every seven accidents in Patrol areas last year. They were the second leading accident cause.

"The driver who illegally usurps the right of way always endangers at least two persons, himself and the driver who actually had a right to the road at that moment.

onto busy streets, and careful judgment of movements which take your automobile through the normal path of another vehicle, pay a two-fold dividend," he said.

"You protect not only the other driver, but yourself, from serious injury or death."

Most of what a child learns depends on his eyesight. The National Society for the Prevention of Blindness considers a pre-school vision examination a "must" for today's youngster.
